*Fixed Base Operator*

# AA Corporation., Ltd

*For every moment, we will be making history together.*

AA Corporation., Ltd is a new and emerging ground services, airport services and Fixed Base Operations company. Our main office are located in Gimpo International Airport & Incheon International Airport and we provide our services to all locations within South Korea. Our services are available 24 hours a day, 7 days a week.

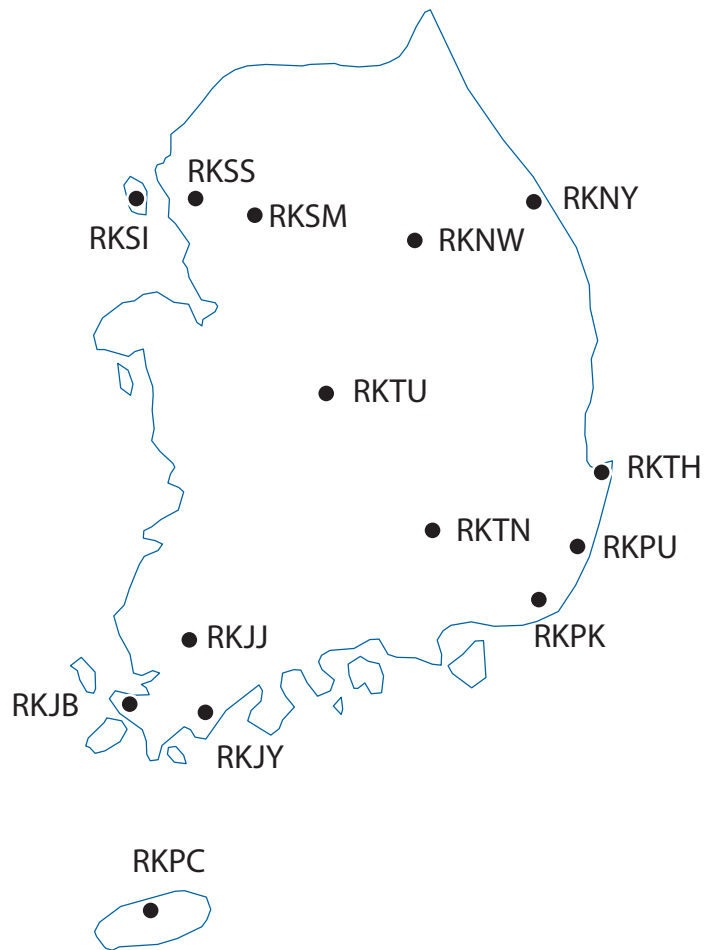

As a ground service handling company agency, we handle both private jets and business jets with the highest standard. We deal with all types of customers including business clients, VIP clients, and air ambulances. Our services range from the assistance with ramp services to passenger services, including catering, baggage handling, immigration clearance, and can be fully customized to our client's needs and requirements.

To give our clients a positive experience, we make sure the C.I.Q. clearance in Korea will be quick. We also guarantee quick permit approval for landing or overflight aircrafts, and this is possible as we have a close relationship with CAAK (Civil Aviation Authority of Korea).

At AA Corporation., Ltd we are made up of a dedicated multi-lingual team, who will make sure that our client's travel plans are made to exceed expectation, and all ground service handling will be made with the utmost efficiency.

As we are a new and emerging company, we are eager to provide top quality FBO and ground and airport services, for any operation managed by AA Corporation., Ltd, memories are made, for every moment, we will be making history together.

## Important airport details to take into consideration:

Please note that other than RKSI(ICN) INCHEON A/P, all other domestic and international airport have strict curfew times.

C.I.Q. operation hours are the same as airport hours. So please plan any arrivals and departures within the timeframe that takes in consideration the custom clearance within operating hours.

To use domestic airports, the entry must first be through an international airport, then you can change the international flight to domestic flight.
